

How to Install the COLOSSAL TV App onto a Firestick or fire TV Box

- Login to your Device
- Go to “Settings” then “My Fire TV”
- Click on “Developer Options” from the list
- Turn On “Apps from Unknown Sources”
- Navigate to the Home screen and search “Downloader”
- After choosing downloader, click on the Orange “Downloader” square
- Next, click on the orange “Download” circular icon, click “open” when prompted, then “OK” on the pop up screen
- Go to Settings then check the box labeled “Enable JavaScript”
- Scroll up to "Browser" on the Left-hand side and enter "<http://bit.ly/soplayer1>”
- Click “Download”
- After the download is complete click on “Install” at the bottom right
- You'll now see " So Player " APP on the Home Page
- Open the " So Player " App and click on "Pin Code" and enter one of the codes you were given.
- Click " Next " and enter the Provider ID (455)
- Click " Next " and you're ready to stream, Enjoy!
